

THE LOOK UP LOOK OUT SONG LYRICS

[Verse 1]

Look up, look out,
Danger's all about.
(Eyes up, eyes high)
Just before you try.
Now select the right pole
And you'll protect your soul.
Because you've done it right,
You'll get home tonight.

One voice on the street,
Hear the boots go by.
Check the line above you,
Keep your eyes up high.

Watch the span,
Take your time.
Read the space,
Stay in line.

[Chorus]

Look up, look out,
Danger's all about.
(Eyes up, eyes high)
Just before you try.
Now select the right pole
And you'll protect your soul.
Because you've done it right,
You'll get home tonight.

[Verse 2]

Lead with care,
Move with skill.
Scan the sky,
And hold still.

Look up, look out,
Danger's all about.
(Eyes up, eyes high)
Just before you try.
Now select the right pole
And you'll protect your soul.
Because you've done it right,
You'll get home tonight.

[Final Line]

Look up, look out ? get home tonight!
